Distributed Systems, Lab 5
VM Migration

Innopolis University, Fall semester

Lev Svalov, Dmitry Podpryatov
B18-DS-02.

September 2020

1 What type of hypervisor is a VMware Workstation (or Fusion)?

VMware workstation is a **type 2** hypervisor because it runs on top of the host's operating system.

# 2 What type of hypervisor is VMware ESXi?

VMware ESXi is a **type 1** hypervisor because it is installed on host's hardware.

# 3 What level of virtualization are you at?

We are at the hardware abstraction level since ESXi emulates bare hardware for Ubuntu server
